ABOUT

On the Danforth is a bi-annual magazine produced by the students of Centennial College's Book & Magazine Publishing program. *On the Danforth* aims to uncover, share and celebrate the individuality and vibrancy of the Danforth community. Consequently, the Danforth will be reflected in a creative and honest manner through the extensive vision, creativity, dedication and hard work of the Book & Magazine Publishing program of 2017/18.

CIRCULATION

On the Danforth is published twice yearly in spring and summer and active on the web all year round. In 2018, our team will distribute 3,000 free copies of each issue to residents of the neighbourhoods surrounding the Danforth and to local businesses including cafes, medical offices and salons, as well as to visitors from outside the area at the ever popular *Taste of the Danforth* festival. Now entering its 14th year in print, *On the Danforth* is a familiar voice to members of the East End community, and one of the most cost-effective channels for local businesses seeking to connect with them: your ad will be seen by an estimated returning readership of 12,000!

AD DESIGN

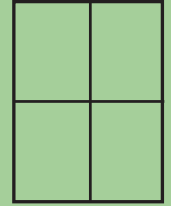

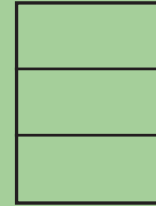

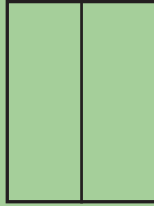

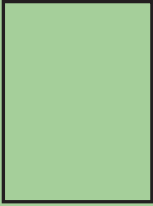

Our creative team is prepared to help you design a perfect ad for your company. Please contact our Marketing Manager, Sydney Roberts, at otdsalesteam@gmail.com with any inquiries and she will be happy to provide you with further information. We will be accepting ad design requests until February 7, 2018.
